ASSIGNMENT

This Assignment is effective 7/27/05 ("Effective Date") by and between National Starch and Chemical Investment Holding Corporation, a DELAWARE corporation having a principal place of business at 1000 Unigema Boulevard, New Castle, Delaware 19720 ("Assignor"), and The Board of Control of Michigan Technological University, a body corporate organized and existing under the laws of the State of Michigan and having a principal business at 1400 Townsend Drive, Houghton, Michigan 49931 ("Assignee").

1. For good and valuable consideration, receipt of which is hereby acknowledged, Assignor hereby sells, assigns, transfers, and sets over to Assignee, its lawful successors and assigns, Assignor's entire right, title, and interest in and to U.S. Patent Application No. 10/045,725 titled FREE RADICAL RETROGRADE PRECIPITATION COPOLYMERS AND PROCESS FOR MAKING SAME, filed January 11, 2002, all inventions disclosed and/or claimed therein, any other patent applications directed to such inventions, and all Letters Patent of the United States that may be granted thereon, and all reissues, reexaminations, and extensions thereof; and all rights to claim priority on the basis of such applications, and all applications for Letters Patent that may be filed for such inventions in any foreign country and all Letters Patent that may be granted on such inventions in any foreign country, and all extensions, renewals, and reissues thereof; and Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States and any official of any foreign country whose duty it is to issue patents on applications as described above, to issue all Letters Patent for such inventions to Assignee, its successors and assigns, in accordance with the terms of this Assignment. Assignor hereby assigns to Assignee, its successors and assigns, all rights to sue for past infringement of any of the patent rights transferred in this Assignment.
2. Assignor represents that it has the full right to convey the interest assigned by this Assignment by virtue of an assignment recorded on January 11, 2002 in the United States Patent and Trademark Office at reel/frame 012553/0054. Assignor represents and warrants that it has not executed and will not execute any agreement in conflict with this Assignment.
3. Assignor will, through its officers and employees, without further consideration, communicate with Assignee, its successors and assigns, any facts known to Assignor and its officers and employees respecting such inventions and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver all papers that may be necessary or desirable to perfect the title to such inventions in Assignee, its successors and assigns, execute all divisional, continuation, and reissue applications, make all rightful oaths, and generally do everything possible to aid Assignee, its successors and assigns, to obtain and enforce proper patent protection for such inventions in the United States and any foreign country, it being understood that any expense incident to the execution of such papers shall be borne by Assignee, its successors and assigns.

IN TESTIMONY WHEREOF, each party has caused its authorized representative to execute this Assignment.
